## Weak, Weary Women

Learn the Cause of Daily Woes and End Them

When the back aches and throbs,  
When housework is torture,  
When night brings no rest nor sleep,  
When urinary disorders set in,  
When women's list is a weary one,  
Doan's Kidney Pills are for weak kidneys.

Have proved their worth in Norway.  
This is one Norway woman's testimony.  
Mrs. W. J. Olmstead, 95 Main St., says:  
"Four years ago my kidneys began to give me trouble. They were weak. My back ached so badly I could hardly get through with my housework. Everything I undertook to do seemed a drag for me. I was dizzy and could see little star-like spots before my eyes. My feet and ankles swelled. I read about Doan's Kidney Pills being so good and got four boxes and when I had finished taking them, I felt as well as ever. The backache ceased and my kidneys became regulated. I have told a number of people about Doan's Kidney Pills and never fail to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Olmstead had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## Norway Town Farm

In the October bulletin of the State Board of Charities and Corrections a report on the conditions of the Norway Town Farm was given, as follows: Inspected August 22. Superintendent and matron, Mr. and Mrs. Daniel S. Chaplin, since April, 1920, at \$600. Had been here previously for four years and had four years on Harrison farm. Extra help hired during haying. Capacity, eight inmates, two men and two women, all over 60 and two feeble minded. No religious services. All have callers. House pleasantly located on high land and is homelike. Hot air furnace, running water, earth closets, kerosene lamps and one chemical extinguisher. Cellar dry and roomy. A window has been placed in dark side of inmates' living room, bathroom built, sink and slide arranged in pantry, new water tank in kitchen, water piped to barn, new yard fence built, two rooms painted and papered and many rocks removed from field near house. The officers take pride in making improvements and the superintendent is farming quite extensively, having six acres under cultivation. A big supply of winter wood is under cover. Electric lights are desirable. The wires presumably could follow the telephone poles. House is remote from trunk lines of light company. The chairman of the overseers says the company is unwilling to connect until there are patrons enough along the line to pay for building. He is also in favor of selling the farm and buying a smaller one, near the village, altho he hopes at some time to see provisions for a county almshouse or district infirmary.

# A New HUDSON \$1895

A Greater Super-Six for Less Money

## See It Here Today

It is a handsomer car  
It is easier to operate  
It is improved in many  
mechanical features

These improvements are added to the car that men for six years have given the largest buying preference of all fine cars.

They are advantages of commanding importance; fundamental in the results secured.

Every phase of car operation is affected. Greater economy results. A smoother, finer mechanism in all ways, from starting and handling throughout the entire range of its performance, is manifestly evident in the first ride.

And these are permanent values you will take satisfaction and delight in, for all the years you drive the car.

Hudson has never announced a "new car," upon the strength of mere minor improvements and refinements. These of course have been constantly in progress, since the first Super-Six was brought out. Nor has the mere addition or re-dressing of a car with accessories ever seemed to us justifiable grounds upon which to exploit the interest of motorists in a new car.

### Why This Great Public Acclaim?

Hence we felt sure that the public would know there were genuine and basic changes and improvements in Hudson, when we announced a New Super-Six. And the almost universal interest manifested at the first showing of these cars, confirms our confidence fully.

It is more economical  
It has the exclusive  
Super-Six features  
for increasing car life

All the notable qualities for which Hudson is known are retained in the new Hudson. There is even greater performance ability than enabled the old Hudsons to set their famous records.

Although the Hudson factory has participated in no contests for nearly five years, reminders of its performance supremacy are constantly present in the independently operated Super-Sixes that methodically win prize money in all important motor contests.

### Performance Leadership Is Strengthened

Just as recently, a non-professional driver converted an old Super-Six at little cost, and entered it in the Pike's Peak hill-climb against teams of high-priced cars, specially built, factory managed and professionally driven. The Super-Six Special won its race and the Penrose trophy in 19 min., 16.2 sec., the fastest time in which this course was ever covered, except by another Super-Six, which in 1916 set the unequalled course record of 18 min., 24 sec.

No car, at any price, can share all the advantages of the new Hudson Super-Six. And only a few of the costliest share even a portion of them.

See the new Hudson and ride in it. Then decide whether any car lacking equivalent qualities can possibly compare with it?

### HARRISON

Denison-Smith

A very pretty Fall wedding occurred Saturday afternoon at the home of Mr. and Mrs. William P. Smith, when their daughter, Martha Alice, was united in marriage with Hobart True Denison. The ceremony was performed at 2 o'clock in the presence of relatives of both families, Rev. W. Paul Curtis of Auburn officiating, using the double ring service. The service was very impressive in its simplicity. To the strains of Lohengrin's wedding march played by Mona Green, the bridal couple took their places beneath an arch of autumn leaves and evergreen, with little Charlotte Nevers acting as ring bearer.

The bride looked very lovely in her gown of white satin, with her veil of tulle, reaching the hem of the gown, caught with orange blossoms. Her only ornament was a necklace of pearls, the gift of the groom. The little ring bearer and the pianist also were remembered with tokens.

The rooms were attractively decorated with the fall colors, evergreen and autumn leaves predominating, streamers being suspended from the four corners of the room to the center, and to the arch. Bouquets of dahlias were in profusion throughout the rooms.

An informal reception followed the ceremony and delicious refreshments of cake and ice cream were served. While everybody was busy with this part of the program, the bridal couple made a neat get-away by stepping into a waiting automobile at the door, not stopping to remove their wedding clothes, and thus escaped the send-off that had been planned. Somewhere over the hill they changed cars and left for parts known only to themselves, on a week's honeymoon. The disappointed merry-makers promise a celebration on their return.

Mr. and Mrs. Denison are prominent young people of Harrison, popular in the social and musical life and also workers in the church. Mrs. Denison is the only daughter of Mr. and Mrs. William P. Smith. She is a graduate of Bridgton Academy, is a member of the Rebekahs and the grand, where she is prominent. She is an accomplished musician and is always ready to assist on any and all occasions, both with her singing and playing. She has been employed for some time at the Harrison post office.

Mr. Denison is the son of Mr. and Mrs. Herbert R. Denison and the grandson of the late Harthorn Dawes, well known in pomological circles for many years. He is a graduate of Bridgton Academy and entered the State Agricultural College at Durham, N. H. During the Mexican disturbance he enlisted with the State

National Guard, and went to the border. After his return north, he resumed with the company, and at the outbreak of the World War he enlisted with the Hospital Corps and saw hard service at the front. After his discharge from overseas service, he returned to Harrison, and has assisted in carrying on the large Dawes farm on Dawes' Hill, where he and his bride will make their home. For the present they will live with his parents, and Harrison people are rejoicing that they will remain in town.

Mr. and Mrs. Denison have been the recipients of many valuable and useful gifts, including a good sum of money in gold, liberty bonds, and checks. Relatives at the wedding from out of town came from Framingham, Mass., Portland and Norway. It is a strange coincidence that Rev. Mr. Curtis who officiated at these nuptials has presided at many ceremonies in both families including weddings, baptisms and funerals. He is a former pastor of the Harrison Baptist Church.

### Mrs. Lawrence Knight

Mrs. Katherine C. wife of Lawrence Knight passed away at the Maine General Hospital at Portland Tuesday, October 11th. Mrs. Knight was operated upon for gall stones in August and had been failing since.

She was born in Waterford the daughter of the late Daniel W. and Cecelia J. Green on November 7th, 1863. For the past fifteen years she has made her home in this village. Besides her husband she leaves one son E. J. Knight of Phillips, and one daughter, Helen K., wife of Erlon Noyes of South Paris. A daughter, Doris M. passed away two years ago. She also leaves a brother, William J. Green and sister, Mrs. William J. Fiske of Waterford, and many sorrowing friends.

Mrs. Knight was a member of the Harrison Congregational church. Funeral services were held at her late home on Hillside Avenue, Saturday afternoon at 2:30 attended by Rev. E. A. Morris of South Paris. The bearers were Ralph Burdham, Henry Harrington, J. Pitts and O. N. Abbott. Burial was at Harrison Cemetery in the family lot amid a quantity of beautiful flowers of which she was especially fond.

### Wynegonic Club

Because of stormy weather Mrs. C. S. Whitney entertained the members of the club at the vestry of the Free Baptist church instead of at camp as had been planned on Wednesday, October 12th.

### Shower for Bride-to-be

The members of Harrison Rebekah Lodge and a few invited guests gave a delightful surprise to M. Alice Smith on Wednesday evening after a special meeting of the Lodge.

After more cards and more verses the searchers found under a prettily decorated table in the dining room a large pink basket loaded with beautiful and useful presents including cut glass, silver, pictures, pyrex, linen and china.

Miss Smith was taken completely by surprise and was assisted in opening the gifts etc. by the prospective groom, Herbert Denison. Dainty refreshments of Harlequin ice cream, cookies and fancy crackers were served and the evening finished with dancing.

Most Ailments Due to One Thing

That is, Impure, Impoverished, Depleted Blood.

Probably 75 per cent. of the ailments of the human race are due to an abnormal condition of the blood—thin, poor, anemic.

This fact and the further fact that Hood's Sarsaparilla purifies, enriches and revitalizes the blood, creating a healthy appetite, aiding digestion, promoting assimilation, and thereby securing in full all the benefits of complete nutrition, must impress the thoughtful with the wisdom of giving this great medicine a trial.

Hood's Sarsaparilla is greatest merit plus greatest economy, the most for the money. Get it.

Mrs. Howard Allen returned home Saturday after eight weeks of illness caused by an auto accident. She seems to be gaining. ## CENTER LOVELL

Entertained at Everbreeze

Those being invited for the evening were Mr. and Mrs. Otis Andrews, Mr. and Mrs. George Eastman, Mr. and Mrs. Caleb Nash, Mr. and Mrs. George Nason, C. H. True, Mrs. Jones and several others.

Mr. Whitehead very thoughtfully offered the services of his gentlemanly chauffeur to his guests of the evening. The walk across the bridge with its long lines of fragrant white flowers, the moonlight on the lake, the electric lights scattered among the trees, showing the many bells of flowers, and the spacious entrance to beautiful Everbreeze made a picture that will long linger in the minds of each one present.

After all were cozily seated a very pleasing musical program was presented by Mr. and Mrs. Key Whitehead and their talented little daughter Janette.

Mr. Whitehead's famous cigars served to loosen the tongues of the bashful (?) members of the party, Mr. True and Mr. Nason, and an hour of social chat followed in which the current events of the day, hunting, fishing, etc., were animatedly discussed. Delicious refreshments were served and special mention should be made of the celebrated New Jersey crulers made by the hostess for this occasion.

Mr. Whitehead and wife are very free in offering the hospitalities of their home and indeed it is a pleasure to visit Everbreeze filled with its rare treasures of beauty and interest. We feel sure that the presence of Mr. Whitehead and family adds much to the charms of our dear old Lovell.

## THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lovell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular.

If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last.

After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sensitive Wash, and have never felt better than have the last two years. I can work, eat, sleep, and feel as strong as can be.

Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lovell, Mass.

This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.
